

# Cegos Switzerland is growing

Cegos Swiss ([www.cegos.ch](http://www.cegos.ch)) has an availability for the 1<sup>st</sup> of May 2012 as a

full-time

## Graphic Designer: Multimedia, eLearning (female/male)

### You:

- A proven and documented experience of at least 3 years in designing interactive eLearning, multimedia programs or websites: graphic design, storyboarding, usability/functionality
- Excellent hands on experience of several years with graphical, multimedia and/or eLearning tools. Creativity and competent execution are key requirements
- Multimedia design know how: conception-design, storyboarding, eLearning, Video, Voice-over
- Proven project management skills in multi-cultural and virtual teams
- Good client facing skills for presenting and defending your ideas and accepting client's requests
- Excellent English language skills which allow you to write content in English (and one other European language: French, Spanish, German)

### The Challenge:

- Responsibility and independence for designing and delivering high end eLearning solutions and services
- Wide variety of subject matter: HR-Performance development, Management & Leadership, Sales, Negotiation, Project Management, Interpersonal skills, Purchasing
- Interface with the Client and Cegos International Virtual teams to best understand the objectives and propose the best pertinent design services
- Successful design of various eLearning services and solutions according to scope, budget, timeline and requirements

### Us:

- A very international environment and activity: more than 70% of our projects are international and the majority of our services are delivered outside of Switzerland
- High level contacts: our clients are often EMEA or Global L&D Managers
- Teamwork: selling and delivering together in proven partnership with the Swiss Key Account & back office teams
- Team spirit: a young challenging team able and willing to accompany us into the future of L&D
- High quality living environment: based in our Geneva office (you would be living in or close to Geneva)
- Skiing, sailing, hiking, hang gliding, biking and wine tasting are just some of the extracurricular activities our team members enjoy when they are not working

### What's next ?
